

# Benefits of Learning Another Language

Here are just a few...

“Knowing more than one language” among top 8 skills sought by employers, even in US-based positions

Studying another language helps you to understand and respect the culture of that language, leading to higher levels of empathy and tolerance

Step up your travel game: Escape the “tourist bubble” and interact with people and places in a unique way

Experience literature, history, and art in its original language for a more meaningful experience
