How to Earn and Claim Badges

You now have the option to earn a digital badge through Canvas Credentials for each lesson you complete! Badges are a unique way to share and display your accomplishments online. Unlike a paper certificate, a digital badge lives securely online, and is accessible at any time in your Canvas Credentials account. You can share badges on social media, embed them in websites and in online portfolios… the possiblities are endless! Plus they're very attractive, if we do say so ourselves.

So how do I get my badge?

Step 1: Complete a lesson.

By "complete," we mean both viewing the lesson content **and** completing the quiz. You'll see in the example below that you need to view "Breakfast Culture in China" **and** submit the "Quiz" in order for the lesson to be marked "Complete."

For the first section (lesson content) you may need to download the included PowerPoint or PDF file to your computer in order to access it in full. A preview will automatically open inside Canvas, but you'll still probably want to download the file and open it in your desktop to be able to play audio and other features.

Breakfast Culture in China

Every country has its own breakfast style and special dishes, and China is no exception! One of the most notable differences between Chinese and Western cuisine is breakfast. In this lesson, we are going to talk about what Chinese people usually have for breakfast, how breakfast options and preferences vary significantly from north to south, and why there is such a big regional difference. After this introduction, I believe you will better understand Chinese breakfast culture, which is an important part of Chinese culture.

Please download the slides and play the attached audios for the introduction.

If there is a quiz, you should receive your score immediately upon completion. You can always go back to the Quiz to view your score. And you'll still get a badge even if you don't get all the questions correct—our goal is for you to learn!

Once you've completed the required portions of the lesson, you should see green check marks next to those sections and for the lesson as a whole.

Now that I've finished both these sections, the empty circles change to green check marks, and there's a check up top by "Complete All Items."

Step 2: Claim your badge.

Shortly after completing the lesson, you should receive an email from "Indiana University" noreply@badgr.com (be sure to check your junk folder).

CANVAS Credentials

Congratulations, you earned a badge!

Indiana University Virtual World Language Festival Academy –
French & Italian – French Candy: A Gourmet Lesson

(This email will direct you to the Canvas Credentials website to view your badges.)

If you don't have a Canvas Credentials account yet, the website will guide you through setting one up. (It takes all of two minutes.) Be sure to use the same email address with which you registered for the Canvas course.

Once in your account, the badge should appear in your "Backpack." Open it, and you'll see options to share with a public link, share on social (LinkedIn, Facebook, Twitter, Pinterest) and share in HTML. You can also download it as a PNG image or print it in certificate form.

Pathways

- Pathways are a way to share your progress in a course beyond just sharing each individual badge.
- Essentially, a pathway is a **sequence of earned badges.**
- The two pathways we offer in the World Language Festival Virtual Academy are **Jetsetter** and **World Language & Culture.**

1. **Jetsetter Pathway**
   This pathway consists of 3 sequential "milestone" badges:

| Badge	Criteria
Global Sightseer 	Complete lessons in at least **3** different languages
Globetrotter 	Complete lessons in at least **6** different languages

Jetsetter	Complete lessons in at least **10** different languages

(The WLF Virtual Academy currently offers lessons in **16** languages!)

2. **World Language & Culture Pathway**
   This pathway consists of 3 sequential "milestone" badges:

Badge	Criteria
World Language & Culture Challenger	Earn **5** badges, in any order, and in any combination of languages.
World Language & Culture Conqueror	Earn **10** badges, in any order, and in any combination of languages. (Note: the 5 badges for the Challenger badge count towards the 10 needed for the Conqueror badge.)
World Language & Culture Champion	Earn **15** badges, in any order, and in any combination of languages. (Note: the 10 badges for the Conqueror badge count towards the 10 needed for the Champion badge.)

How to Check your Pathway Progress

- Go to the Credentials tab in the Canvas course.

- Scroll down to "My pathway progress" at the bottom (below example using my own, but yours should look similar except that no pathways will be completed):

- Click on a pathway to view a visual map of your progress in that pathway:

- **Note:** Sometimes, clicking "Trust Organization" brings up an error message; while we work with UITS to resolve that, you may need to track your progress in Canvas Credentials.
- You may need to create an account the first time you visit:

Once you've created your account, you'll be able to access your pathways in the "My Pathways" tab and click on each pathway to view your progress.

As always, please email us with any questions: wlf@indiana.edu
